## WHERE2NEXT? TRAVEL, LLC

**DESTINATION CEREMONY.** Those two words put a sparkle in your eye and a flutter in your heart. I specialize in designing intimate luxury destination proposals, couples' nuptials and honeymoons for discerning clients. If you're dreaming of a destination ceremony, you're not alone. According to The Knot's 2019 Real Weddings Study, nearly a quarter of all couples opted for a far-off location. Looking for some inspiration on some of the best destination ceremony locations? Search no further. Since there are so many gorgeous locations around the world to hold your nuptials, I've rounded up some of the best from the U.S., Caribbean, Mexico and Europe. Each location link is live, so click and browse to your heart's content. Keep in mind that a destination ceremony doesn't have to be overseas - many take place in the continental U.S. Once you have finalized your dream destination, then reach out so we can make the dream come true. **-Karan**

## CONSULTANT RETAINER

In order to perform the professional services required to plan and arrange your travel and ceremony, a non-refundable Consultant Retainer is required. The Consultant Retainer is considered a service fee for the work involved in planning your nuptials. Planning a custom destination ceremony entails a considerable amount of time and research. My work is based on years of personal experience and professional expertise. I research and vet cruises, hotels, resorts, transport, and tours to meet your specific needs; contact travel partners; coordinate transportation and other details; draft itineraries; then support you all through the before, during, and after of your destination ceremony experience. Your final itinerary and documents will give you as smooth a travel experience as is possible. All travel arranged through Where2Next? Travel, LLC offers peace of mind, and I am an experienced professional in the business of planning individual, couple, and small group trips for sophisticated travelers who demand the most professional attention to detail and execution of a well-planned travel experience.
